LinkedIn: linkedin.com/in/taine-rasmussen-a66a86184/

Location: Wellington, New Zealand.

Personal Summary:

I am a software developer and photographer with a desire and passion for all things creative, from design, photography, music and of course programming.

Drawing me towards these different worlds is a love for a creative medium that allows for endless rabbit holes to fill any & all curious itches, while having no end destination to reach. Without the finish line in sight I get to constantly be free, learning more, exploring new ideas, challenging old ones & creating work I love.

Skills and Abilities:

JavaScript, HTML, CSS, React, Redux, Node.js, Jest, Supertest, Superagent, Express and SQLite with Knex.

Experience:

STUDENT

Enspirial Dev Academy • April 2021 - Aug 2021

- This 15-week course has set me up to dive into my career as a software developer. It was a fully immersive course where I learned new technologies every week and how to apply them efficiently.
- Using Agile methodology this course has provided me with experience working in teams, alone and extensive pair programming sessions. The course also includes extensive focus on soft skills, a people focused approach and providing a space for discussions to help form better relationships with yourself and others to growth feedback and everything in between.

TECHNICAL SUPPORT ADVISOR

Concentrix • Jan 2020 - March 2021

- Providing high level technical support & customer care for Concentrix & a variety of their clients.

MARKETING EXECUTIVE

Flick Electric Co • Jan 2019 - Oct 2019

- Social media content management/production with weekly deliverables.
- Responsible for maintaining relationships with charitable partners.
- Website audits.
- A/B testing offers in market.
- Assisting people leaders team with internal event activation.
- Built & maintained a rolling content calendar that visualises all customer-facing marketing comms.
- Weekly & monthly Internal reconciliation of customer promotional credits, marketing credit card & social media spending..

CUSTOMER EXPERIENCE ADVISOR

Flick Electric Co • Nov 2017 - Jan 2019

- Solely responsible for all business customers & prospects.
- Subject matter expert for CXA's on Flicks Home Harvest (solar power) trial.
- Point of contact for Flick's devs building customer/employee facing features to help improve user experiences.

FREELANCE PHOTOGRAPHER

Self employed • Jul 2018 - Current

- Freelance work has been mainly based in the fashion and editorial world, working with salons from around Wellington and a smaller amount of work with print and wedding photography.
